

DYSON CORP.

MARINE & MILITARY DIVISION

DYSON MILITARY FASTENERS...SUPERIOR PERFORMANCE WHEN IT MATTERS MOST

Dyson Corp. manufactures critical military fasteners and forgings to MIL, ASTM and SAE specifications for government and military projects. With over 125 years of experience, Dyson is an approved Level 1 manufacturer to naval shipyards and major projects for the Army Corp of Engineers. Dyson Quality Management system ensures that all products shipped conform to the rigid quality and traceability requirements demanded by the armed forces.

All Dyson products are 100% melted and manufactured in the U.S.A., are fully traceable and utilize the most comprehensive and accurate certification in the industry. Full traceability is guaranteed with every shipment!
