

DYSON CORP.

OIL & GAS DIVISION

DYSON OIL & GAS FASTENING SOLUTIONS... BUILDING A PLATFORM FOR SUCCESS

Dyson Corp. is your best choice for fabricated parts used on offshore platforms, refineries and other petrochemical applications. Common fastening solutions in Dyson's oil and gas division include domestic, dual-certified 8-pitch ASTM A194 (2H)/ASTM A563 (DH) nuts, B7, B16 and stainless-steel bolts.

All Dyson products are 100% melted and manufactured in the U.S.A., are fully traceable and utilize the most comprehensive and accurate certification in the industry – included with every shipment!

Dyson is your #1 choice for reliable fastening solutions strong enough to withstand even the harshest of environments!
